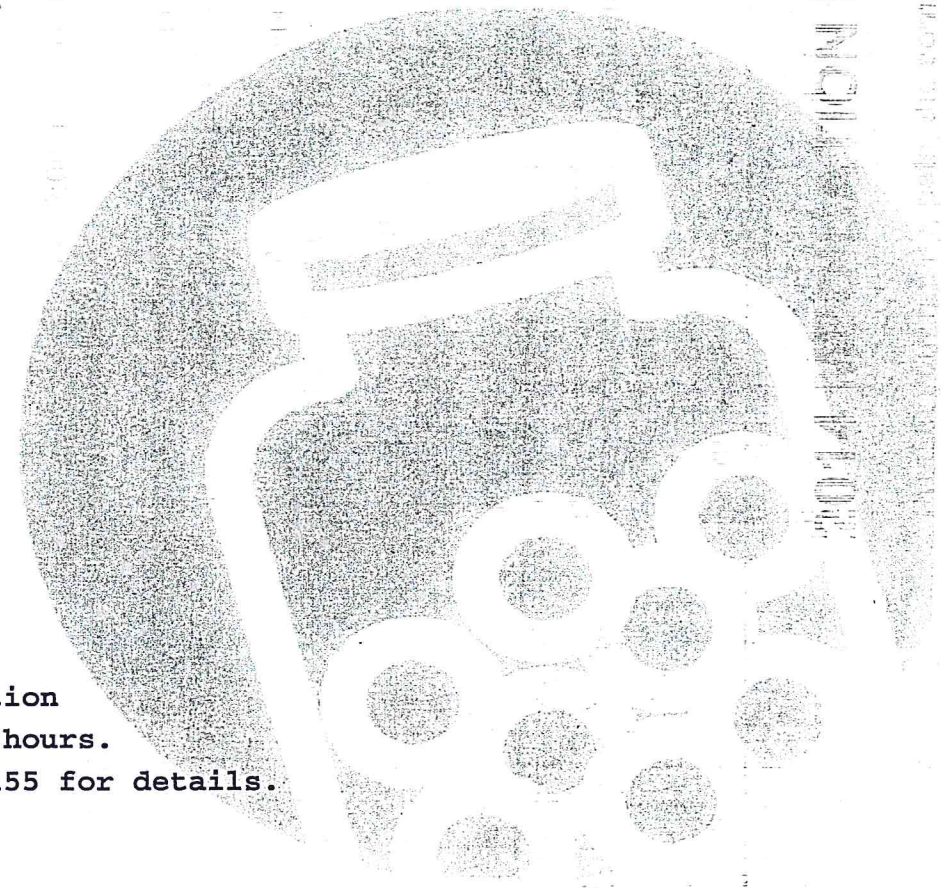
Yellow Jug Old Drugs

Help protect Michigan's water supply – do not flush or pour your old or unused medications down the drain!

Bring your expired, unused liquid, tablet or capsule drugs to Sparrow Clinton Pharmacy for disposal in our Great Lakes Clean Water Initiative Yellow Jug.

- ✓ No Controlled Substances: These drugs can only be reclaimed during our scheduled/advertised Medication Disposal dates in conjunction with the St. Johns Police Department & Clinton County Waste Management.
- ✓ No inhalers or patches or sharps
- ✓ Accepted tablets, liquids or capsules must be placed directly in the Yellow Jug by the person disposing of them. Sparrow Clinton Pharmacy requests all empty containers used to hold drugs be disposed of by the individual – not at the Pharmacy.



So "Go Green" with Sparrow Clinton Pharmacy and help protect Michigan's landmark resource – our Great Lakes!

Year round, free collection
during regular pharmacy hours.
Please call (989) 224-8155 for details.
